

EcoGun 119

Manual Air Spray Gun Gravity-Feed

Description

This ultra-light, perfectly balanced, gravity feed air spray gun has been designed for high quality coating and is particularly suitable for final coatings in the automotive industry, the refinishing market as well as in machining and wood working sectors with the added advantage of the highest levels of quality and user-

friendliness. Regulation for inlet air of the **EcoGun 119** enables smooth change of the atomization pressure, achieving perfect painting at high transfer efficiency. During the development of this spray gun the aim was to keep it easy to clean and to maintain at all times.

Customer Benefits

- » Nickel plated body for easy cleaning and durability
- » Ensured conductivity of the spray gun body for safe grounding
- » Perfectly balanced ergonomic shape of spray gun body that minimizes fatigue
- » Stainless steel material path and nozzle set
- » Even coverage of spraying beam with perfect atomization and high transfer efficiency
- » Easy cleaning and maintenance
- » ATEX EX II 2G T60°C X
